Relief. Sister Perry reported Bro Scott very bad with Bronchitis. His high heart and blood pressure is better. Sister Luville has had a heart attack. Bro Burkholder better. Sister Forgey about same.

Current events. Sister Mc Donald read article of little Norwegian girl 8 years old. mother killed. Dad taken prisoner. after 2 years Dad was to be executed and the girl was taken to visit him. He still wore his civilian clothes and when brought to see the girl - he gave her the wink not to recognize him which worked grand. The little girl was so clever in pretending not to know the Dad he was able

to make his escape. Sister Todd read Article relating the experience of the Police in Port Washington when house wives complained that crows were stealing clothes pins and newly hung laundry and attacking any one who tried to drive them off. They even swiped part of the windshield wiper on Police Car and other crow pecked at Police mans head so he couldn't interfere. They had established their hidden headquarters somewhere near the police station.

Report of Special Committee. Bro ~~Sherrin~~ reported the Committee appointed to investigate and report on the proposed new Hall. had met at his home Saturday evening. The Committee all agreed that we should build one that we could all be proud of. He is opposed to a hall on the ^{main} ground floor such as Bellevue Two Rock. Windsor Bennett Valley as the work of the grange can be heard plainly by outsiders.

A two story building would better serve grange purpose, at the cost would be cheaper. The proposed plans called for hall 38 by 76. The main Hall room with stage up stairs. Kitchen reading room, and a place for juvenile grange down stairs. He reported W.M. did not stay through the meeting on acct of another engagement. He and Bro Phelps had figured on the plans and agree

haven't decided on the outside finish.
 a guess at the actual cost about
 \$4,500 with the largest part of the
 work to be done by the Grange members.
 As the Lecturers program was ready, recess was
 declared and the discussion to continue
 after we take up again. Sister Turkington
 Lecturer presented Mr. Nelson who is
 from the Cold Storage Plant. He told of
 the beginning, growth and present
 facilities of the plant and gave credit
 to the community for the growth of the plant.
 This plant is rated as No. 1 plant in Calif.
 by the University of California. He added
 freezing plants in the future have a
 tremendous possibilities. All enjoyed
 his talk and Sister Turkington thanked
 Mr. Nelson for coming. Called to order.
 Hall discussion continued. Bro Phelps
 thinks we should all have a say
 whether we favor or oppose the building
 which they did. W. M. called on each member present to
 express their views; after which it was
 moved and decided to lay the matter over until
 the first meeting in May for final disposal
 and carried. Bro Luther Weick suggested we find out who
 signs the note for borrowing money for Hall and who
 is responsible for the same. W. M. appointed
 Bro Weiss a committee to find out about it.
 Bro Sheidman stated the State Grange
 has an attorney who can inform us and
 no cost to the Grange. Bro Sheidman
 reported he thought it would be a good
 idea to send letter of information about the
 Hall to all members. A have a call meeting
 for this purpose.
